Jackie reported that election committee member Faye Lawson, ATU 689, 3 weeks ago brain aneurysm burst; she's fine and healing. Moved, seconded and approved to send her a fruit basket. She also introduced ATU 689 and bus driver Derrick Mallard, who's stepped up to run for office, as part of the State Fed's program to encourage and support union members to run for office. He's running in Bowie City Council District 4. "No one can tell our story better than we can ourselves" as labor, Mallard said. He has four opponents for the seat. Q&A and discussion ensued. Urged folks to come out and door knock with him, and to spread the word on social media.
